

Concealed Shower Mixer
6779-X3-80CP

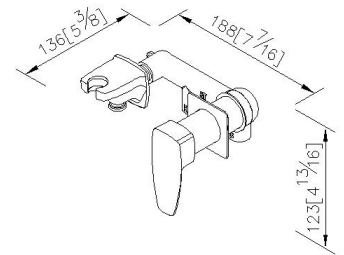

INTRODUCTION:

Uniqueness is not the only issue for shape-design nowadays, the more important problem is how to combine functionality and convenience in one product, which really challenges the designers. However, the effect of the combination improves our life qualities a lot. It help us save more space inside the house, and small mutiple-functional are easier to match with all kinds of room. Eventually, the concept will creat environmental beauty.

DESCRIPTION:
